

# Lost and Destroyed

Ektomorf

This time I don't need your answer  
This time I don't want you to stay  
Something's lost  
Something died to day

I don't know why I had to meet you  
Why I met somebody like you  
I was there for you  
But I won't be there again

You can pretend to be strong  
But I know that you're not  
Take a look in the mirror  
That's you  
Lost and destroyed

You keep saying I can trust you  
But I see in your eyes you lie  
I don't want  
I don't need this in my life

Your weakness comes before your clear mind  
You can't stand up when you fall  
I give no more  
I leave you behind

You can pretend to be strong  
But I know that you're not  
Take a look in the mirror  
That's you  
Lost and destroyed

Don't ask me to give you strength from my soul  
When you are too weak to fight

Don't ask me to ever stand up for you  
When you let me down

Don't ask me to trust and believe in you  
When you are fake and you lie

Don't ask me to follow you and your dreams  
Cause you don't follow mine

You can pretend to be strong  
But I know that you're not  
Take a look in the mirror  
That's you  
Lost and destroyed
