

# Never Should

Ektomorf

Yeah! Yeah!

What if I take you  
Tonight to a place?  
I show you some shadows  
Unreal fucking fear

There is a haunted house  
Touched by the hand of death  
I'm living a nightmare  
It's all in my head

I never should, never should...  
I never should have set it off  
I never should, never should...

Come on, open the door  
Breathe in what I feel  
Be one with the fog  
And you will see what I see

Welcome to my prison  
Do you wanna stay?  
Well, I'm sick of this shithole  
Help me to escape

I never should, never should...  
I never should have set it off  
I never should, never should...

Ah, here we go again  
It's really fucked up  
You know?  
You don't understand this shit, man  
You know, you don't know  
You don't know this pain  
Until you feel it  
It's really fucked up

I never should, never should...  
I never should have set it off  
I never should, never should...

Ooh!

Burn the house, burn the house  
Burn this fucking house down!  
Burn the house, burn the house  
Burn this fucking house down!

Burn the house, burn the house  
Burn this fucking house down!  
Burn the house, burn the house  
Burn this fucking house down!

Burn the house, burn the house  
Burn this fucking house down!

Burn the house, burn the house  
Burn this fucking house down!

Huh  
Yeah
