

Numb and Sick

Ektomorf

Beg for this, and my head for lies
I got weak from your fucking lies
It's the same thing, it's the same way, nothing every change
I am free, I will break my chains

Can't you stay away from me?
How can you steal the air I breathe?
Don't let you back, still want it to be
You're making me always sick

No love, no trust, no weakness anymore
No love, no trust, no weakness anymore

I can't hold, you rape me now
I can't fight, my strength is gone
I don't want you, I don't need you
Leave me the fuck alone
I don't belong to you no more

Can't you stay away from me?
How can you steal the air I breathe?
Don't let you back, still want it to be
You're making me always sick

No love, no trust, no weakness anymore
No love, no trust, no weakness anymore

I know your face, you make me hate you
I know your face, you make me hate you
I know your face, you make me hate you
I know your face, you make me hate you

I hate you
I hate you
I hate you
I fucking hate you!

Can't you stay away from me?
How can you steal the air I breathe?
Don't let you back, still want it to be
You're making me always sick

No love, no trust, no weakness anymore
No love, no trust, no weakness anymore
