

Skin color, racism, and prejudice
This world will never change
The roots of the hate too deep in our lives
And we have too much pain

Ooh... I see it
I see it

I was born for what I was born
And you can't bring me down
I don't believe in your society
I only believe in God

Ooh... I feel it
I feel it

I see discrimination in the United Nations
I see discrimination in the United Nations
I see it

I see discrimination in the United Nations
I see discrimination in the United Nations
I see it
