

# Love Always

El DeBarge

I got a secret for you  
Can't believe myself  
But ever since you've been gone  
I think of no one else  
I've even tried to forget  
But nothing can make me

I know that it's so hard to be true  
Under the summer skies  
I'll write your name in my Book  
At least a thousand times  
And every day you're away  
It's drivin' me crazy

So I'll write you every night  
And I'll sign my name "Love always"  
And even if the sun falls down  
I will always be around  
Forever and always  
Darlin', if we both can wait  
We'll have a time to celebrate  
For the rest of our lives, love always

And lots of people I know  
Try to shape your mind  
But that can't happen to me  
I'm not the jealous kind  
No one can change what I feel  
And nothing can make me

Still I'll write to you every night  
And I'll sign my name, "Love always"  
And even if the sun falls down  
I will always be around  
Forever and always  
Darlin', if we both can wait, oh  
We'll have the time to celebrate  
For the rest of our lives, love always  
For the best of our lives, love always  
For the rest of our lives

We'll always be  
So faithfully  
Just hang on to me forever

So I'll write you every night  
And I'll sign my name, "Love always"  
Oh, and if by now you haven't guessed  
I will add one more P.S.  
For the rest of our lives, love always  
For the best of our lives, love always

I'll sign this letter to you "Love always"  
Oh, know it  
Oh... oh... oh... I Love you baby  
Oh, and if I do over and over again  
Sign my name over in full

And at the end and rest of our lives, love always  
Love always  
Ooh girl  
Sounds so good to me, mmm  
For the rest of our lives love always, oh  
For the rest of our lives love always, oh da da  
Oh, I, I gotta secret for you  
I don't wanna stop, sounds so good to me  
Oh, ever and a day  
I'll always love you  
Ever and a day  
Oh
