Oh baby
It's been such a long time, since I, since I touched you
Since I kissed you
Since I saw you baby

It's been a long time since I touched you baby
You've been on my mind
Since I went away
Who ya been loving baby?
Spending your time

Cause I was kinda hoping we could, sit down and talk about it
While any way
All I can say
Is that I still love you baby
You still remain

Deep in my heart
(My heart)
Deep in my soul
(Deep in my soul)
Hooked on your love
(Hooked on your love)
I can't let go
(Eeehhh ayyyy yaay ayyy)

Cause love is forever
(Special)
Special to me

And you'll be forever

Don't hold nothing back
(Love is forever)

Baby, I know I let everything fall apart
But did it all fade away?
I'm here, and baby I'm looking for a brand new start
Forget yesterday

Deep in my heart
(Ayy yai)
Deep in my soul
(Yai yahhh)
Hooked on your love
