El Snappo

Boy, I'm higher than a fuck  
I can't even lie, nigga, I'm on that Perc', it's beatin' me up  
I can't even lie, I get in that pussy and beat it up  
I can't even lie, I get in that pussy and beat it up (Ayy, Venz  
o, stay the fuck out the kitchen)

Bulletproof black truck, I'm slidin' whenever I'm poppin' out  
Nigga got a lil' pistol, he a stepper, he a robber now  
If you ain't talkin' 'bout money, don't hit my phone, don't know  
what you talkin' 'bout  
The feds got binoculars on my trap, I'ma let 'em pocket watch  
Nigga, the Pyrex hot, servin' Oxycontin  
Told me to leave it in her without no rubber, tryna tie the knot  
Ho, you crazy or what? Ho, you crazy or what?  
Tryna run that chicken up, my pockets bigger than Dave Blunts

Pull up like the president, I'm lit, you niggas irrelevant  
Styrofoam filled with purple, shit, I'm sippin' on medicine  
At granny house trappin', stashin' dope inside her residence (W  
oah)  
Canary yellow diamond got me shinin', Thomas Edison  
I ain't worried 'bout tusslin', my shooter, he gon' stretch some  
shit  
Locked in in the studio, might come up with a melody  
I can't even lie, I get in that pussy and beat it up  
I can't even lie, baby, that ass fatter than Dave Blunts
