

Make You Happy

El Snappo

Huh

Uh-huh, sittin' here thinkin' 'bout my daddy, how he layin' in a casket

'Posed to be right here 'side me and he died, how that happened ?

The fuck

Uh-huh, sittin' here thinkin' 'bout my daddy

I'm just thinkin' 'bout my...

Look, uh (Ayo, Llari, this shit fire)

Sittin' here thinkin' 'bout my daddy, how he layin' in a casket

'Posed to be right here 'side me and he died, how that happened ?

'Posed to be right here with me, signed my first deal off rappin'

I ain't blow up overnight, he always told me this'll happen

Sacrifice the streets so I can make my dreams happen

"When you gon' drop a album?" What my fans keep askin'

Wanna see your face, but I know you watchin' me from Heaven

Hope you watchin' over me, I'm just tryna make it happen

Hope you watchin' over me, I'm just tryna make it happen

How the fuck I signed my first major deal and lose my daddy?

You always used to tell me, "Son, you the light of talent"

We share the same blood, you the reason why I'm rappin'

Even though I'm Broward County, I got fans 'way in Cali'

Ain't nothin' coincidental, you always told me this'll happen

I'm steady sheddin' tears, I can't believe you in a casket

And you told me whatever you do, you gotta do it with a passion

"When you gon' drop a album?" What my fans keep askin'

I told 'em 'bout my dreams and everybody started laughin'

Remember when I was broke, well, now I'm ballin', March Madness

And I'm the captain of the ship, but everybody wanna see me crashin' (Look, uh)

Sittin' here thinkin' 'bout my daddy, how he layin' in a casket

'Posed to be right here 'side me and he died, how that happened ?

'Posed to be right here with me, signed my first deal off rappin'

I ain't blow up overnight, he always told me this'll happen

Sacrifice the streets so I can make my dreams happen

"When you gon' drop a album?" What my fans keep askin'

Wanna see your face, but I know you watchin' me from Heaven

Hope you watchin' over me, I'm just tryna make it happen
