

Real Snotty

El Snappo

Uh, uh, uh-huh, uh-huh
Quick to wipe a nigga nose, shit get real snotty
Quick to wipe a nigga nose, shit get real
Uh-huh, uh-huh, quick to wipe a nigga nose, shit get real snotty
Look

Uh-huh, quick to wipe a nigga nose, shit get real snotty
I'm from the projects, in my trenches, shit get super slimy
Quick to up that camera and go to clickin' shit like paparazzi
I let my love fade away 'cause these bitches toxic
Rollin' on that fuckin' Oxycodone, somewhere out my body
Took off on these niggas like autopilot, came through in a Mazi'
If I ever up my blick, my brother right behind me
Snappo blew up in the trap without no co-signin'

Uh, uh-huh, uh-huh, Zootie blew up in the truck without no co-signin'
Before the fame, I was in the trap servin' narcotics
Bro, I'm kinda steppin', I got smackers wearin' polka cotton
Ten bands'll make a cunt grab you like you got a bounty
And, uh, quick wipe a nigga nose, shit get real snotty
Antisocial, I don't speak, I'm on a pill, probably
If I ever up my blick, my brother right behind me
I hop out with that camera and go to clickin' shit like paparazzi
In Miami with that heat like I'm Pat Riley
Peanut butter seats, I put Forgis on the fuckin' Mazi'
Florida nigga, mouth full of gold, I don't want diamonds
Hellcat, baby, hold the switchy while a nigga drive me

Uh-huh, quick to wipe a nigga nose, shit get real snotty
I'm from the projects, in my trenches, shit get super slimy
Quick to up that camera and go to clickin' shit like paparazzi
I let my love fade away 'cause these bitches toxic
Rollin' on that fuckin' Oxycodone, somewhere out my body
Took off on these niggas like autopilot, came through in a Mazi'
If I ever up my blick, my brother right behind me
Snappo blew up in the trap without no co-signin' (BlakeIANA)

Quick to slap the shit out of a bitch, don't let me get violent (For real)
We ain't fightin' over dick, let's talk about deposits
Young and turnt, I'm poppin' shit, this pussy too pricey (Poppin' tags on 'e m)
Gucci bodysuit, like Gucci Mane, my neck so icy (Bling)
I be gettin' to a check, these hoes don't like me
Get your nigga, I leave him on read (Every time), every time he write me
He a Florida nigga, but he love a St. Louis bitch
My nigga pulled Hellcat, baby, let me hold the switch (Skrrt, skrrt, skrrt, skrrt)
Went Wafiana, I put ninety pointers on the wrist
That nigga thought he had me put up, I got some new zit (New dick)
Stay low, hide your ho, bitch, I'm back at it
Yeah, I'm back at it

Uh-huh, quick to wipe a nigga nose, shit get real snotty
I'm from the projects, in my trenches, shit get super slimy
Quick to up that camera and go to clickin' shit like paparazzi
I let my love fade away 'cause these bitches toxic
Rollin' on that fuckin' Oxycodone, somewhere out my body

Took off on these niggas like autopilot, came through in a Mazi'
If I ever up my blick, my brother right behind me
