

# Happiness, Missouri

EL VY

Wide awake while someone counts the minutes  
Happiness, Missouri, I got to get your mind off  
By the way, I told you we were in this  
Happiness, Missouri, I got to get your mind off

Wide awake while someone counts the minutes  
Happiness, Missouri, I got to get your mind off  
By the way, I told you we were in this  
Happiness, Missouri, I got to get your mind off

People are nice  
They go easy on us, but  
I'm on the Sun today

I murder each  
Try to pinch my cheeks  
Cause you're making me wanna stop

Wide awake while someone counts the minutes  
Happiness, Missouri, I got to get your mind off  
By the way, I told you we were in this  
Happiness, Missouri, I got to get your mind off
