

## With Every Breath I Take

Elaine Paige

There's not a morning that I open up my eyes  
And find I didn't dream of you.  
Without a warning, though it's never a surprise  
Soon as I awake thoughts of you arise  
With every breath I take

And any time or place  
I close my eyes and see your face  
And I'm embracing you  
If only I believed that dreams come true

Darling  
You were the one who said forever from the start  
And I've been drifting since you've gone  
Out on a lonely sea that only you can chart  
I've been going on knowing that my heart will break  
With every breath I take.

I've been going on knowing that my heart will break  
With every breath I take.  
With every breath I take.
