

When We're Alone

Elaine

When we're alone with no one around the vibe is the nicest
When I'm with you, no matter the place, the sun shines the brightest

And every moment that we share, baby, it's priceless
I wouldn't leave, I wouldn't lie, not even the slightest
This is what it looks like, this is love in its purest form
And this is what it feels like yeah, and this is what it sounds like

But this is where it get complicated

'Cause love alone ain't enough

We need that trust

We need the faith

We need that communication, yeah

I still remember the first time we met and you said you ain't ready for anything serious

But I think we quite serious, but I don't wanna complicate things

Let's go with the flow, baby, we should hit the road, baby

We could fall in love maybe

Just me and you, baby

When we're alone with no one around the vibe is the nicest
When I'm with you, no matter the place, the sun shines the brightest

And every moment that we share, baby, it's priceless
I wouldn't leave, I wouldn't lie, not even the slightest
This is what it looks like, this is love in its purest form
And this is what it feels like ,yeah, and this is what it sounds like

But this is where it get complicated

'Cause love alone ain't enough

We need that trust

We need the faith

We need that communication, yeah
