**Ami B9 Fmaj7 Gsus4**

**C Ami Fmaj7 Gsus4**  
Music in ears, parts full of greets  
**C Ami Fmaj7 Gsus4**  
Work still growin', hmm, love's tale end  
**C Ami Fmaj7 Gsus4**  
Ever come just girls understanding  
**Ami B F Gsus4**  
(The invisible uniforms)

Only hads with smell of cheap soap  
The uniforms have stolen faces  
They have you wings of their own  
The invisible uniforms

**Asmaj7 B**  
If I had a carridge  
**Cmi Fmi Gmi**  
I would steal them something  
**Asmaj7 B Es**  
Just the wait the girls up for a while  
**Asmaj7 Gsus4**  
If I were been able  
**Fmi Gmi Cmi**  
I would build the long bridge  
**As Gmi Fmi Es C**  
Thru the lonely space to the heart

Million years there at your service  
The uniforms are with no names are  
I can read there - we are lonesome  
(The invisible uniforms)  
Music in ears, parts full of greets  
Work still growin', hmm, love's tale end  
Ever come just girls understanding  
(The invisible uniforms)

If I had a carridge, I would steal them something  
Just the wait the girls up for a while  
If I were been able, I would build the long bridge  
Thru the lonely space to the heart
