1. I have cruised oceans now
G/Emi
oceans of dark desire
Ami F
I'm ready for your love
G/Emi
baptiste my fire
Ami F
Nothing can stop me now
G/Emi
I can accept it's blown
F
Where I stand all alone
E
Don't let me go
2. Love is a dirty word
You've taught me all about it
Where I still love
can bring one down
Confusers everywhere
Losers of baith
No rules acceptable
No dreams of hate

3. You make me loveseek maybe
This is what you want baby
I'll never have enough
of your unfaithfull love
Please give me a chance
Please give me your protection
Pretend you need my loving
Let's make it all perfection
My love's a price on it
Hidding a butterfly
Meeting the killin' lie
It's gonna love to die
