

First Steps

Elbow

The sun, the moon
Both turn for you
And through your days
Will light your way

Our strength and love
All in your blood
Our hope and pride
All in your eyes

Your eyes
Your eyes

You shape our world
With every step
Oh, the will to fly
Is in your eyes

Our strength and love
All in your blood
Our hope and pride
All in your eyes

Your eyes
Your eyes
Your eyes
