

# Fortunate

Elder Island

I see it  
I feel it

Had this ache for a long while  
Breathes it breeds in me  
Wraps its arms around my middle  
Pull me in won't let me be

There's a side that keeps me steady  
Lifts me up won't let me bleed  
Takes my hand with nothing in it  
Fortunate, fortunate

The sound of modern living  
New worlds old themes  
Modern functional  
The sound of form  
Modern sounds  
Music in production  
Production and sound  
Looking backwards  
Leaning forward looking backwards

Sound in form

Never before then  
Direct living  
Form in function
