

How Do You

Elderbrook

How do you, how do you get away with it all?
We're repeating the past like we ain't done it before
How do you, how do you get away with it all?
We're repeating the past

Oh, I swear I've been down this road before
I know the stories trapped inside the walls
Read the book, it's laying on the floor
We go...

'Round and 'round and 'round and 'round
Up and down, I gets a lot but I
Love the sound of your name next to mine
'Round and 'round and 'round and 'round
Up and down, I gets a lot but I
Love the sound of your name next to mine

How do you, how do you get away with it all?
We're repeating the past like we ain't done it before
How do you, how do you get away with it all?
We're repeating the past

Oh (Oh), I've been here a thousand times or more (Or more)
I think I like the way you treat me raw (Oh)
I don't know a high without a low
A low, a low, a low, a-

'Round and 'round and 'round and 'round
Up and down, I gets a lot but I
Love the sound of your name next to mine (Mm)
'Round and 'round and 'round and 'round
Up and down, I gets a lot but I
Love the sound of your name next to mine

I can never get even, holdin' on for no reason
There's nothin' left to believe in
Somethin' 'bout the bad keeps me
Movin' on and I'm reaching
Now tell me, how do you? (How, how, how do you?)
I can never get even, holdin' on for no reason
There's nothin' left to believe in
Somethin' 'bout the bad keeps me
Movin' on and I'm reaching
Now tell me, how do you? (How, how, how do you?)

How do you, how do you get away with it all?
We're repeating the past like we ain't done it before
How do you, how do you get away with it all?
We're repeating the past like we ain't done it before (Oh)
How do you, how do you get away with it all?
We're repeating the past like we ain't done it before (Done it before)
How do you, how do you get away with it all?
We're repeating the past like we ain't done it before
