

Howl

Elderbrook

Barefoot nights, naked breeze
Holdin' you, holdin' me
In darkest light, it's hard to be
Leavin' you, leavin' me

With a howl
With a howl

Oh, hey, little love
(You really turned my life around)
Oh, hey, little love
(You really turned my life around)

Breaking dawn over me
Too late for us, callin' in
Faces on a silvery
Taste of home, makin' me

Howl
With a howl

Oh, hey, little love
Oh, hey, little love
Hey, little love
Oh, hey, little love
(You really turned my life around)

(You really turned my life around)
(You really turned my life around)

(You really turned my life around)

Howl
With a howl

Oh, hey, little love
Oh, hey, little love
