

# I'll Be Around

Elderbrook

I'll lend you water  
And share my wine  
For the glimmer in your eye  
It's like a mother's daughter  
Or December morning  
Like beauty by design  
I'll be there if you need me  
Like a light in the evening  
By your side when your sleeping, oh  
I'll be there if you need me  
I'll be there if you need  
Me little love

'Til they rest my bones  
On the cold ground  
I'll be around  
'Til they rest my bones  
'Til they lay me down  
I'll be around 'round  
I'll be around  
I'll be around 'round  
I'll be around  
I'll be around 'round  
I'll be around  
I'll be around 'round  
I'll be around

I've seen an angel  
We spoke a while  
She stole me overnight  
By the break of morning  
I can see it all end  
But you don't have to cry, love  
I'll be there if you need me  
Like a light in the evening  
Like your sad when your sleeping, oh  
I'll be there if you need me  
I'll be there if you need me

'Til they rest my bones  
On the cold ground  
I'll be around  
'Til they rest my bones  
'Til they lay me down  
'Til they rest my bones  
On the cold ground  
I'll be around  
'Til they rest my bones  
'Til they lay me down  
I'll be around 'round

Even when I let go  
I'll be holding all in  
I'll be holding all in  
I'll be around 'round  
Honey when you get old  
You'll be holding onto someone new

If heaven had a heart then  
I knew that I could be around for you

'Til they rest my bones  
On the cold ground  
I'll be around  
'Til they rest my bones  
On the cold ground  
I'll be around  
I'll be around 'round  
I'll be around 'round round
