

# Just Like Us

Elderbrook

Gather  
In hundreds  
The fallen  
And the 'fraid  
Searching  
Finding  
Something  
Give me name

Just like us there's a million more  
Kinda lost like us, looking up like us  
Trying to fight like us, there's a million more  
Kinda lost like us, kinda lost in love (Give me name)

Just like us there's a million more  
Kinda lost like us, looking up like us  
Trying to fight like us, there's a million more  
Kinda lost like us, kinda lost in love

And they're just like us  
Alone  
Afraid  
Apart

Are we  
Exceptions  
Or the rule that  
We behave  
I'm one of  
A hundred  
Do we all feel  
Just the same, the same

Just like us there's a million more  
Kinda lost like us, looking up like us  
Trying to fight like us, there's a million more  
Kinda lost like us, kinda lost in love (Give me name)

Just like us there's a million more  
Kinda lost like us, looking up like us  
Trying to fight like us, there's a million more  
Kinda lost like us, kinda lost in love

And they're just like us  
Alone  
Just like us

Afraid  
Apart
