

My House

Elderbrook

My house is bigger than your house
It's better than all your hand-me-down toys that you throw around
And I know you are but what am I?
Just a kid that kissed and made 'em cry
Ooh, everything is terrifying when you walk a lonely line

Can I get a lift now?
Baby, just a bit now
Fuck it, I'ma fade out
Always been a waste
Everybody just wants more

Hey, star
I just want the fast car (La)
I just want the big house
Lookin' down
Makin' people smaller now
(Ooh, the kids are comin' back)

My grass is greener than your grass
It's better than all your pick-me-up pills that you're poppin' now
And I know you are but what am I?
Just a kid that kissed and made 'em cry
I don't give a fuck about sticks and stones you're throwing now

Can I get a lift now?
Baby, just a bit now
Fuck it, I'ma fade out
Always been a waste
Everybody just wants more

Hey, star
I just want the fast car (La)
I just want the big house
Lookin' down
Makin' people smaller now
(Ooh, the kids are comin' back, la)

Hey, star
I just want the fast car (La)
I just want the big house
Lookin' down
Makin' people smaller now
(Ooh, the kids are comin' back)

(Back, back, back, back, back, back, back, back)
Ooh, the kids are comin'
The kids are comin' back
The kids are comin'
The kids are comin' back

Hey, star
I just want the fast car (La)
I just want the big house
Lookin' down
Makin' people smaller now
(Ooh, the kids are comin' back)
