

# One More Before I Go

Elderbrook

One more before I go  
I'll ride an all-night low  
And I can't stop myself  
From falling apart, I know  
I'll chase a faded glow  
To keep me from myself

I need heaven  
I need hell  
Just give me something  
Keep my blood running  
I need thunder  
I need rain  
Just give me something  
Give me something  
To feel again

Oh, oh  
To feel again  
Oh  
To feel again  
Oh, oh  
To feel again

Remind me  
Oh  
Remind me  
Oh

On the edge of the miracle  
Whiskey and mirrorballs  
I wanna feel it all  
And if I wanna break the fall  
If I wanna dance it off  
If I wanna have it all, then I

I need heaven  
I need hell  
Just give me something  
Keep my blood running  
I need thunder  
I need rain  
Just give me something  
Give me something  
To feel again

Oh, oh  
To feel again  
Oh  
To feel again  
Oh, oh  
To feel again

Remind me  
Oh  
Remind me  
Oh

Remind me  
Oh  
Remind me
