

## Run

## Elderbrook

I got a feeling I should hold on  
But I been leaning on the wrong one  
Too long  
If I could only see what I done  
I'd look through mirrors more than just once  
I'm done

When I go overboard, I shout out  
But no one hears me, not when I'm loud  
I'm gone  
And when I jump, I never come down  
I'm in the air until I hit ground  
And run

I could fade out  
I could lay down  
Well, I can get away  
Well, I can get away  
Well, I can get away

I like the way you never call up  
You say things like, "You mind if I come?"  
I know a place that we can go out  
I might stay late because I know how  
It's done

When I go overboard, I shout out  
But no one hears me, not when I'm loud  
I'm gone  
And when I jump, I never come down  
I'm in the air until I hit ground  
And run

I could fade out  
I could lay down  
I could fade out  
I could lay down  
I could fade out  
I could lay down  
Well, I can get away  
Well, I can get away (I could fade out)  
Well, I can get away

Run, run, run, and I'll run  
Run, run, run, I run  
Run, run, run, and I'll  
Run, run, run, I run  
Run, run, run, and I'll run  
Run, run, run, I run  
Run, run, run, and I'll  
Run, run, run, and I'll run  
Run, run, run, I run  
Run, run, run, and I'll

I like the way you never call up  
You say things like, "You mind if I come?"  
I know a place that we can go out

I might stay late because I know how (Run, run, run, I run)  
It's done (Run, run, run, and I'll)

Run, run, run, and I'll run  
Run, run, run, I run  
Run, run, run, and I'll  
Run, run, run, I run  
Run, run, run, and I'll  
Run, run, run, I run  
Run, run, run, and I'll  
Run, run, run, I run
