

## Scenes from Bensonhurst

Eleanor Friedberger

My honey knows the best sleeping spots  
While I get lost at the roundabout  
And I get lost at the smell of those horses  
Who do people tell you that you look like?  
Someone from my past and actor who I don't like  
I lay in bed and dreamt I never said that  
I lay in bed and tempt myself with my screen, my screen, my screen  
Next next next - now it's all of them in my inbox

He shaved off his beard and saw The Girl Who Played With Fire  
Well being a mannequin was all I could manage  
Seeing the opposite side was all that I could wrangle that day  
Scenes From Bensonhurst against the wall  
He's gonna bawl when he sees this  
His mom went blind with a third baby  
Oh shit, that's crazy  
I lay in bed and dreamt I never said that  
I lay in bed and tempt myself with my screen, my screen, my screen  
Next next next - now it's all of them in my inbox

He gambled away his savings with just his shirt  
Money for clothes/cigarettes, and he sold the place in SF  
He believes in numbers or nothing at all  
And how could he be so impressed with such a little fall?  
And his intuition told him that they'd be married someday  
He lies in bed and tempts himself with his screen, his screen,  
his screen  
I lay in bed and dreamt I never said that  
I lay in bed and tempt myself with my screen, my screen, my screen  
Next next next - now it's all of them in my inbox  
Next next next - now it's all of them in my inbox  
Ooh next next next - now it's all of them in my inbox
