In Berlin

Electrelane

There is thunder in Berlin

We fell down under a moving sky

When you walked into the room tonight

Lighting took hold of my heart for a while

You are all that I want

You are all that I need

Snow will come and cover this town

If we freeze I want to freeze next to you

City lights shine overheads

I never want to leave you

You are all that I want

You are all that I need

You are all that I've longed for this wintertime

You are all that I need
