Electric Light Orchestra

```
Cm
Oh you, you're so hard to get to
Oh you, you don't wanna play
            Gm
You were no better before
            Gm
I sent a letter before
As G
I sent a dream to you last night
From the end of the world.
Oh you, you keep me hanging round & round & round & round
Oh you, look at the trouble I've found
You were no better before
I sent a letter before
I sent a dream to you last night
From the end of the world.
I saw you last night, but you couldn't answer
You were a lonely little sidewalk dancer
When I woke up I could not stand it
Fm Gm Cm
You were gone, but I got to hand it to you.
Cm Fm Cm
Fm Gm Fm Gm
O-oh yeah-yeah
Dream to you last night
From the end of the world.
Oh please, if this is a game I wish someone would win
Please, just let her fly to be upon the wind
You were no better before
I sent a letter before
I sent a dream to you baby last night
From the end of the world.
You were no better before
I sent a letter before
I sent a dream to you baby last night
From the end of the world.
I sent a dream to you baby, last night
From the end of the world
I sent a dream to you, babe
From the end of the world.
I sent a dream...
To you baby...
