

# Helpless

Electric Light Orchestra

Helpless, helpless, helpless, helpless

I thought about it but I couldn't think of what to say  
But I thought about it anyway.....yeah  
I tried to tell you what you mean to me  
But it didn't come so easily.....no

I never reckoned  
For more than a second  
Just how it would be on my own

I'd be helpless, without you  
I'd be helpless, without you

The dawn that calls beyond the night  
Tells its old story.  
The shadows fade into the light  
In all it's glory.

Helpless  
Helpless baby I'm a helpless  
Helpless baby  
I'm a Helpless

If I could put a good shine on the past  
Do you think that we could make it last - oh yeah  
Seems to my mind the time goes fast  
I wonder if the vote is cast

Now that you mention it,  
Got my attention  
I quite clearly blew me away

I'd be helpless, without you  
I'd be helpless, without you

The dawn that calls beyond the night  
Tells its old story.  
The shadows fade into the light  
In all it's glory.

Helpless  
Helpless baby I'm a helpless  
Helpless baby  
I'm a Helpless, without you  
I'd be helpless, without you

Helpless, helpless, helpless, helpless
