

Chicken Wine

Electric Six

I had a brother, got destroyed by urban crime
I had a lover, she go crazy every time
And through it all we was drinking a box of chicken wine
And through it all we was drinking a box of chicken wine
Chicken wine

In seconds the police arrest you
They need secretion to digest you
And they do just fine, drinking a bottle of chicken wine
And they do just fine, drinking a bottle of chicken wine

Can't stop talking about fermented beverages, beverages
Put your mouth all over my fermented beverages, beverages
Hey hey baby baby drinks on me
Look at what chicken wine has done for me yeah

Solo!

Ooh.
Ooh.

I was undercover for the CIA
I got blown up in my own cruel way
I can't describe about what I feel today
'Cause I live in a motel drinking chicken wine
I have no love because of chicken wine

Can't stop talking about fermented beverages, beverages
Put your mouth all over my fermented beverages, beverages
Hey hey baby baby drinks on me
Look at what chicken wine has done for me yeah

Solo!

Beverages, beverages
Beverages, beverages
Beverages, beverages
Beverages, beverages
Ooh!
Beverages, beverages
Beverages
