

Drone Strikes

Electric Six

Picked you up at the landing-strip
And took you to the filthiest place I know
Throw back [?]
Send a signal into space
And I told ya so

Watch 'em sucking on my drone strikes!
Sucking on my drone strikes!
Every day
Get some of my drone strikes!
Get some of my drone strikes!
It's the only way I go

Test pattern running for hours
I force-feed ya the news
Paint the target for the twin towers
The reds, the whites and the blues
Yessir!

How you like my drone strikes?!
How you like my drone strikes?!
Every night
Now you feel my drone strikes!
I don't want your drone strikes!
It's the only way to fight

Oh baby, if life is at stake
And fear is never fake
If it's televised on the news
It's the disaster that you make
War is candy, war is cake.
Remember this and you'll never lose
NEVER LOSE!

Sucking on my drone strikes!
Now you know my drone strikes!
Every day
Get some of my drone strikes!
Get some of his drone strikes!
It's the only way I go
