Electric Six

Two, three, four, five, six, seven, hooh!

I am the terminator, the love devastator  
I am the terminator, the love devastator  
I am the terminator, the love devastator  
I am the terminator, the love devastator, and

I know karate  
And I know how to get things done  
When the dust clears,  
I'll be the only one standing

Hooh!

I am the terminator, the love devastator  
I am the terminator, the love devastator  
I am the terminator, the love devastator  
I am the terminator, the love devastator, and

I know your number  
And I know that you're all alone  
And I intend to keep coming, keep coming, keep coming

Hooh!

I am the terminator, the love devastator  
I am the terminator, the love devastator  
I am the terminator, the love devastator  
I am the terminator, the love devastator
