

## (It Gets a Little) Jumpy

Electric Six

A swarm of bees in a treacherous road  
Deadly secretions from a poisonous toad  
My dog barks some, he gets a little jumpy  
When he smells fear

A box of ladies with the ketamine eyes  
A box of ladies who used to be guys  
They turn the cameras on  
It gets a little jumpy in the atmosphere

And just like all that shit, it gets a little jumpy here

Jump into my scene  
Tonight  
Jump into my scene  
Tonight

Can't control what's in your heart or your head  
Can't control yourself, you're shitting the bed  
You can't control it, it gets a little jumpy every night this y  
ear

Karma chameleon, you come and go  
Karma police, arrest this hoe  
Karma's a bitch  
It gets a little jumpy when you come near

And just like all that shit, it gets a little jumpy here

Jump into my scene  
Tonight  
Jump into my scene  
Tonight

Meet me, on the trampoline  
(Jump into my scene tonight)  
We can bounce to the highest height  
Completely immersed in a dream  
(Jump into my scene tonight)  
And we won't wake up tonight
