

Panic! Panic!

Electric Six

When I clean up my bukkake with your trashy trash
I double bag it
And set it on fire in your yard
Ooh yeah
When I kill a Jabberwocky with my nasty bash
I double bag
And hit you
With my desire so hard

Gonna give myself to China
Do some China stuff
Gonna throw some money at you
But it's not enough
Sucking juice from a box
Plucking chickens for the fox
Wipe yourself off with my tube socks

Wash your hands and tell me you love me
Ooh yeah
Wash your hands and tell me you love me
Ooh yeah
I clap - you cheer!
I clap - you cheer!

You panic for no reason, that's what you do
You panic, panic
You panic for no reason, that's what you do
You panic, panic
I clap - you cheer! (Hey)
I clap - you cheer!
You panic for no reason, that's what you do
You panic, panic

And I will never be set free
As long as you have me
Well, you have me
So please unhand me
This can go wrong
Don't run with me
Spend the rest of your life in a fantasy
Unhand me, so just unhand me
Take a left at the dead kid
Take a right at the zoo
I'll never be as splendid
As when I'm inside of you

Wash your hands and tell me you love me
Ooh, yeah
Wash your hands and tell me you love me
I clap - you cheer!
Clap your hands and tell me you love me
I clap - you cheer!
Clap your hands and tell me you love me
I clap - you cheer! I clap - you cheer!

You panic for no reason, that's what you do
You panic, panic

You panic for no reason, that's what you do
You panic, panic
You panic, panic
You panic, panic
You panic for no reason, that's what you do
You panic, panic
You panic, panic
You panic, panic
You panic for no reason, that's what you do
You panic, panic
You panic, panic
You panic, panic

You panic, panic
You panic, panic
You panic, panic
You panic, panic
