

Ziggy

Electric Six

You look up at me
With your eyes so sad
I got me a Ziggy
I didn't need no zag.

You took me on an adventure
Through the endless sea
You drive the bitches so crazy
Across the galaxy

Cause humans, humans are nasty
And you, you are my Ziggy
I love it when you run
Straight into my arms
We got nothin' but love
Straight into my heart

Ziggy, Ziggy, Starpug, so glad I found
Ziggy, Ziggy, Starpug, you can get down
Ziggy, Ziggy, Starpug, so glad I found
Ziggy, Ziggy, Starpug, you can get down

Oh Ziggy, you're so cute
Yeah, your little tail
Your eyes, your star...
The star on your eyes
C'mon Ziggy, take it away!

Ziggy, Ziggy, Starpug, so glad I found
Ziggy, Ziggy, Starpug, you can get down
Ziggy, Ziggy, Starpug, so glad I found
Ziggy, Ziggy, Starpug, you can get down
Ziggy, Ziggy, Starpug, so glad I found
Ziggy, Ziggy, Starpug, you can get down
Ziggy, Ziggy, Starpug, so glad I found
Ziggy, Ziggy, Starpug, you can get down
Get down!
