

Torquemada 71

Electric Wizard

Baby writhing on my torture rack
Necrosadist
Your naked flesh bears His mark
Feel my caress

Torquemada seventy one
I am the inquisition
Torquemada seventy one
From your sweet lips, confession
Torquemada seventy one
My countess Bathory
Torquemada seventy one
Come now and torture me... yeah

Of all my victims, you loved the pain
My necroqueen
The bloody countess reborn again
Oui la torturatrice

Torquemada seventy one
I am the inquisition
Torquemada seventy one
From your sweet lips, confession
Torquemada seventy one
My countess Bathory
Torquemada seventy one
Come now and torture me... yeah
