

Make It Happen

Electronic

Sometimes we find ourselves
Looking for something new
We stand outside ourselves
Not knowing quite what we should do

I am in debt to you
(Woo)
I owe respect to you
But you've got to learn it's gonna turn
Into neglect for you

And though
You caught me naked
I didn't enjoy it
In fact I regret it

Let's make it happen
Why can't you understand?
I am a fraction
A part of a broken man

I hope you understand
It's part of my action plan
To bury you in the sand
The tides gonna turn

When will you learn
To stop hiding inside yourself
I bet you wish you were someone else
Tell me when will you learn

The day's getting longer
And you're getting common sense
So get right down off that fence
Ain't it time that you turned

And though
You got me thinking
You could be faking
Your ego's inflated and I'm sick of waiting

Let's make it happen
Why can't you understand?
I am a fraction
I am a broken man

I am a broken man

Let's make it happen
Why can't you understand?
I am a fraction
A part of a broken man

My soul is in rapture
If only we could hold on
Let's cause a reaction
Just like you know we should
