

Crawl From The Ashes

Eleine

As we fade
The reminiscence of pain
Remains

Break the chains
And seek other souls in pain

I can sense
A premonition of hate
Self made

Burn the roots set in time
And you'll see the daylight

Crawl from the ashes
Of lies you knew
Feel your call
And the gods
Will burn as they fall
From thrones torn apart

So, we all
Have suffered with our blood
Kill God

Oh, how easily our minds
Fall apart
As corruption starts

No, I will not be another pawn
Deprived of my thoughts
And so I stand before you
Ready for a thousand deaths
This mind
Will not be broken by you
Burn as you fall

Crawl from the ashes
Of lies you knew
Feel your call
And the gods
Will burn as they fall
From thrones torn apart
