

# Dancing In Hell

Eleine

I dance inside your flames  
These marks, they won't remain  
Dance with me

I stood by your side through hell  
And you thank me by standing in silence  
You slowly fade away

See me  
Dancing in hell that surrounds me  
Knowing that I'm free  
Though I bleed  
My wounds will heal  
I'm leaving you behind  
Fading in time  
Dancing in hell as I smile

Drowning fools die in vain  
Held by will not by chain  
Dance with me

I've walked for years with open wounds  
And finally I see the horizon  
And so you fade away

See me  
Dancing in hell that surrounds me  
Knowing that I'm free  
Though I bleed  
My wounds will heal  
I'm leaving you behind  
Fading in time  
Dancing in hell as I smile

Hear my goodbye  
As we sway tonight

See me  
Dancing in hell that surrounds me  
Knowing that I'm free  
Though I bleed  
My wounds will heal  
I'm leaving you behind  
Fading in time

Fear me  
Taming the flames that surrounds me  
Knowing that I'm free  
Though I bleed  
My wounds will heal  
I'm leaving you behind  
Fading in time  
Dancing in hell as I smile
