

# Gathering Storm

Eleine

Once upon a time  
Serenity dwelt within man  
We lived in peace with  
Ourselves but alas  
A shadow's raising behind  
Keeping humanity blind

An oracle and shaman  
Forebode the night coming dark  
They saw a sadness  
Befall everyone  
Seduced by emotions within  
Bound by the shackles of sin

Run now  
A storm's on the way  
Darkness will cover both  
Night and day  
So close  
Emotions at play  
Intentions to lead you astray  
So beware of the  
Gathering storm

Everyone will cower  
But welcome their  
Unyielding fate  
A love to hate at the  
Cost of the soul  
Evil will spread its foul breath  
Leaving but torment and death

Run now  
A storm's on the way  
Darkness will cover both  
Night and day  
So close  
Emotions at play  
Intentions to lead you astray

So beware of the  
Gathering storm  
So beware of the  
Gathering storm

Come to me...  
Come to me...

Run now, a storm's on the way  
Darkness will cover both  
Night and day  
So close, emotions at play  
Intentions to lead you astray

Run now, a storm's on the way  
Darkness will cover both  
Night and day

So close, emotions at play  
Intentions to lead you astray  
So beware of the gathering storm
