

Burn

Elemeno P

It was a day like this one
When I realised I didnt care
About the things by now
I should've Had
I Could've had

It was a day like this one
When I realised I could be wrong
It wasnt long before
The clouds did clear
Let's sing along

What do u want from me?
A life so ordinary
They pass the savings onto you
So Wam Bam thank you Maam
Here I go again

Today I ready
I see so clearly
Lets stay together
Yesterday is lost forever
Today I ready
I see so clearly
Lets stay together
Yesterday is lost forever
Drowned

It was a day like this one
When I dropped what I could regret
This cement around my ankles
I choose to forget

So take your lake of substance
Cause if they like it your like it too
I'll keep my chin up
Above the laughter
See through you I do

I fell in toxacated
This life is so overrated
I could not say such things to you
So Wam Bam thank you Maam
Here I go again

Today, im ready
I see So clearly
Let's stay together
Yesterday is lost and we say

Burn, Burn, Burn
And we say Burn, Burn, Burn
And we say Burn, Burn, Burn
And we Say Burn

I will not cry for you now
I will not cry for you now

I will not cry for you now
x2

Today I ready
I see so clearly
Lets stay together
Yesterday is lost forever

Today, im ready
I see So clearly
Let's stay together
Yesterday is lost and we say

Burn, Burn, Burn
And we say Burn, Burn, Burn
And we say Burn, Burn, Burn
And we Say Burn, Burn, Burn

Yes we say Burn, Burn, Burn
Yes we say Burn, Burn, Burn
Yes we say Burn, Burn, Burn
Yes we Say Burn, Burn, Burn

And we say Burn, Burn, Burn
And we say Burn, Burn, Burn
And we say Burn, Burn, Burn
And we Say Burn, Burn Burn

And We say
