Tik tik Tok
Tik tik Tok
Hey boy, what happened to your heart?
Is getting dark and i can not see you
Hey boy, why did you have to fall
Taking down your soul
And leave me lost in sorrow
Hey boy tell me where's your heart
is it hard to find?
cause i will search the whole world
hey boy im crying cant u see
Get back HOME to me
and never say goodbye again
The time is tik tik tok
And your still far away
Im waiting waiting waiting
Maybe you'll find the way
The time is tik tik tok
And you're still lost inside
Im waiting waiting waiting
Maybe you'll find my heart
The time is tik tik tok
And your still far away
Im waiting waiting waiting
Maybe you'll find the way
The time is tik tik tok
And you're still lost inside
Im waiting waiting waiting
Maybe you'll find my heart
tik tik tok
Hey boy thell me where's your heart
is it hard to find?
cause i will search the whole world
hey boy im crying cant u see
Get back HOME to me
and never say goodbye again
he time is tik tik tok
And your still far away
Im waiting waiting waiting
Maybe you'll find the way
The time is tik tik tok
And you're still lost inside
Im waiting waiting waiting
Maybe you'll find my heart
