

Magic Summertime

Eleni Mandell

It was just like a dream
When we first got together
How our lips like a match

Lit a fire
I knew in my heart
It will not last forever
But forever is a long, long time

What a day, what a life
I always love the weather
When it's too hot to think
I might try
It tastes just the same
Your sweet sweet kiss
Like an ice cold drink
You want to find
Uh uh uh
Magic Summertime

It was just like I imagined
When we first met
How our fingers became just one
I knew in my heart that our chances were slim
But a gambler never gambles to be wise

Uh uh uh
Uh uh uh
Magic Summertime

Autumn is borderline when
Winter is cruel
Spring can be tragically but
Summertime is magical

It was just like a fairytale
When we were introduced
How our eyes like a flash filled with light
I knew in my heart we would both avoid the truth
But our cover ^{uh}¹ was heavy with the wine

Uh uh uh
Uh uh uh
Magic Summertime

Uh uh uh
Uh uh uh
Magic Summertime

Uh uh uh
Uh uh uh
Magic Summertime
