

22 Shots

Elephant Kind

22 shots in the rain
22 for my pain
Rockin' on the show alone
Cracking all the things I've done
I'm gonna be who I am [?]
They gotta be be who you are when you're all around
But I can't believe our heart can break another heart
How is it possible to be a liar when your own lies make you cry

So break my heart again
'Cause I don't mind being the same
I don't mind being insane
I don't mind being your lover

So break my heart again
Cause I don't mind being the same
I don't mind being insane
But don't you call my door where you came in
