

Jim Halpert

Elephant Kind

Can't fuck with sneakers 'cause I got Vans deal
Can't fuck with you 'cause your boy's ideal
I'm like Jim Halpert, first two seasons (two seasons)
You said, "Go find another inspiration" (find another inspiration)
But I hope it's clear (hope it's clear)
I'm waiting for you (I'm waiting for you)

For you, for you
For you
(It's so unlike me to want somebody)
(It's so unlike you to want another man)

Repeat the night, I want to feel it all
See you, hear your song for the first time
We could be beastly but you weren't Beesly
I could be with you but you don't need me
You made it clear (you made it clear)
You don't want me and you got somebody there

(It's so unlike you to want)
But I can't help it (another man)
I need you to know
(It's so unlike me to want)
Somebody there (somebody)
