

Ocean

Elephant Kind

My eyes are burning
By the sun
The creek is shining
As she run
Its colour shattering
Loud and clear
As she's coming
My senses feel

Yes it was her
The one I wanted
Yes it was her
The one I've waited

Yes it was her
The one I wanted
Yes it was her
The one I've waited

She is for lying
And exaggerate
She took her time
As I watch and wait

I ask her name
(And she said)
I'm ocean
I'm ocean

But I'm innocent
Caught in the thrill of the hunt
This is all I gain
This is all I gain

So how can you mend a broken end?
This is all I gain
This is all I gain

I can understand
Why I couldn't gain
This was all my chance
All my chance

'Cause I'm innocent
Caught in the thrill of the hunt
This is all I gain
This is all I gain
