

## Grace of a Woman

Elephant Revival

Sometimes it seems as though  
The very best of what a man can know  
Is the grace of a woman  
He can love his lonely heart  
Yet only till he yearns again  
For the grace of a woman  
He can live in solitude  
But only until the day is through  
Comes the grace of a woman

Wah ah oh oh oh oh...

A woman can sacrifice  
To bring about another's life  
The grace of a woman  
She can have a healing touch  
How a man can hold in so much  
The grace of a woman

Wah ah oh oh oh oh...

From a mother yes you came  
Though its the fathers carried name  
The grace of a woman  
So Mother Nature here we are  
The greatest teacher of us all  
The grace of a woman  
From your soils flowers grow  
Like a bed of roses  
The grace of a woman

Wah ah oh oh oh oh...
