

Hold up, another wave coming
Hit the ground, we're running
You and I fall all the way
Listen, hear my demons calling
So tired, I'm crawling
But I know you're here to stay

Smile for the camera cause the world's on fire
Cheers to the moment when the wolves run wild
I'll be holding on with you
Dance with the devil in the pouring rain
Sharks in the water, but it's all the same
I'll be holding on, I'll be holding on with you
I'll be holding on with you
I'll be holding on with you

Hold up, yeah, the flash is stunning
Two pistols gunning
You and I, we shoot the same
Some things come my way, some things go
But I know you and I will never change

Smile for the camera cause the world's on fire
Cheers to the moment when the wolves run wild
I'll be holding on with you
Dance with the devil in the pouring rain
Sharks in the water, but it's all the same
I'll be holding on, I'll be holding on with you
I'll be holding on with you
I'll be holding on with you

Smile for the camera, smile for the camera
I'll be holding on with you
Smile for the camera, smile for the camera
I'll be holding on with you

Smile for the camera cause the world's on fire
Cheers to the moment when the wolves run wild
I'll be holding on with you
Dance with the devil in the pouring rain
Sharks in the water, but it's all the same
I'll be holding on, I'll be holding on with you
I'll be holding on with you
I'll be holding on with you
