

Tired Of Being Tired

Elephante

I'm so tired of being tired
I'm still mad at being mad
I'm so over being sober
With this monkey on my back

I'm so tired of being tired
Never taking off the mask
I'm so over being broken
So I'm going off the map, going off the map

I'm so tired of being tired

I'm over staying undercover
Done with running from the thunder
Tired of looking back on photographs
To tell me where you've been

I'm so tired of being tired
I'm still mad at being mad
I'm so over being broken
So I'm going off the map, going off the map

I'm so tired of being tired
I'm so tired of being tired
I'm so tired of being tired

I'm so tired of being tired
I'm so tired of being tired
I'm so tired of being tired
I'm still mad at being mad
I'm so tired of being tired
So I'm going off the map, going off the map

I'm so tired of being tired
I'm so tired of being tired
I'm so tired of being tired
