

Another Stone

Elevation Worship

God, I know that what You promise
Will, will be better than I thought
'Cause You will finish what You started
Yeah, resurrection is who You are, is who You are

And we're not three days away from an empty grave

Another stone is rolling in the room right now
Is it You right now, a new You right now?
Another stone is rolling in the room right now
Is it You right now, a new You right now?
Another stone is rolling, rolling
It's rolling

Jesus, come and move in power, oh
Miracles are what You do
Oh, it's what You do
If You said it, I expect it, yeah
It's an easy thing for You
Oh, it's easy for You

We're not three days away from an empty grave

Another stone is rolling in the room right now
Is it You right now, a new You right now?
Another stone is rolling in the room right now
Is it You right now, a new You right now?
Another stone is rolling in the room right now
Is it You right now, a new You right now?
Another stone is rolling in the room right now
Is it You right now, a new You right now?
Another stone is rolling
Yeah, it's rolling
Oh-oh-oh, oh-oh
It's rolling, oh-oh
Oh-oh-oh, oh-oh
Oh-oh-oh, oh-oh

If you're looking for the stone
It was rolled away
If you're looking for the old me
It's long gone
No, I'm not the same

If you're looking for the stone
It was rolled away
If you're looking for the old me
It's long gone
Long gone
No, I'm not the same

If you're looking for the stone
Where is it?
It was rolled away
If you're looking for the old me
It's long gone
No, I'm not the same

If you're looking for the stone
It was rolled away
If you're looking for the old me
It's long gone
It's long gone
It's long gone
It's long gone

Another stone is rolling in the room right now
Is it You right now, a new You right now?
Another stone is rolling in the room right now
Is it You right now, a new You right now?
Another stone is rolling in the room right now
Is it You right now, a new You right now?
Another stone is rolling in the room right now
Is it You right now, a new You right now?
Another stone is rolling

Another stone is rolling
He's rolling away stones in the room
Hey
He's rolling away stones in the room
This what we're gon' declare

The grave is still empty
The Savior lives in me
The grave is still empty
The Savior lives in me
Oh, He's in me
The grave is still empty
Somebody say the truth
The Savior lives in me
Somebody declare the truth over your life
The grave is still empty
The Savior lives in me
The Savior lives in me
The grave is still empty
The grave is still empty
Oh, the Savior
The Savior lives in me
Grave is still empty
The grave is still empty
But greater is He that lives
The Savior lives in me

If you're looking for the stone
It was rolled away
If you're looking for the old me
You won't find me
It's long gone
No, I'm not the same

If you're looking for the stone
No, you won't find me
It was rolled away
You won't find me
If you're looking for the old me
It's long gone
It's long gone
It's long gone
It's long gone

'Cause we're not three days away from an empty grave
We're not three days away from an empty grave
We're not three days away from an empty grave
We're not three days away from an empty grave
Another stone is rolling
