

Great Things (Worth It All)

Elevation Worship

Thank You for the wilderness
Where I learned to thirst for Your presence
If I'd never known that place
How could I have known You are better?

Thank You for the lonely times
When I learned to live in the silence
As the other voices fade
I can hear You calling me, Jesus

And it's worth it all just to know You more

You've done great things
Jesus, Your love never fails me
My soul will sing you have done great things

Thank You for the scars I bear
They declare that You are my healer
How could I have seen your strength
If You never showed me my weakness?

And it's worth it all, just to know You more

You've done great things
Jesus, Your love never fails me
My soul will sing You have done great things

You've done great things
In weakness, You are my victory
My soul will sing You have done great things

Through the fire and the flood You have never let me go
And my soul sing You have done great things
I am weak, You are strong
You will always be my hope
And my soul will sing You have done great things

Through the fire and the flood You have never let me go
And my soul will sing You have done great things
I am weak, You are strong
You will always be my hope
And my soul will sing You have done great things

You've done great things
Jesus, Your love never fails me
My soul will sing You have done great things

You've done great things
In weakness, You are my victory
My soul will sing You have done great things
