

## Here With Me

eleventyseven

There's a whisper in the air you breathe underneath the sky tonight  
there's a piece of you inside my heart that runs too deep to describe

And you're so much more than wonderful so much more than I can see  
and I could spend forever hoping you'd be here with me

When the world leaves me so winded and with nothing left to say  
there's an angel in your voice that tells me everything's okay

[chorus]
